DEATH CAME QUICKLY

Ex-Speaker Thomas B. Reed Passed Away Early Sunday Morning.

DEATH BEYOND PHYSICIANS' SKILL

Complication of Diseases Hastened the End—Remains Taken to Portland, His Native City, For Interment.

Washington, Dec. 8. — Ex-Speaker Thomas B. Reed died at 12:10 Sunday morning.

At the time of Mr. Reed's death there were at his bedside Mrs. Reed and her daughter, Miss Katherine Reed, besides the doctors and the nurses. Mr. Reed's last words just before he became unconscious were to his wife and daughter, as Dr. Gardner now remembers. At the time, however, he had no realization that the end was near.

Mr. Reed reached Washington a week ago, having come to attend to some matters in the United States supreme court. He was at the Capitol Monday visiting with friends and

THOMAS B. REED.

former associates in congress, and witnessed the convening of the second session of the Fifty-seventh congress. Apparently he was enjoying good health, but later in the day he called on Dr. Gardner and complained of gastric distress.

The following day his physician compelled him to remain in bed while a diagnosis was made of his condition. Mr. Reed was strongly averse to staying in bed, but a rise in temperature made it imperative that he remain quiet. On Thursday the physicians announced appendicitis symptoms were abating, but that kidney trouble had developed, giving a more serious aspect to the case. Dr. T. L. MacDonald was summoned from Philadelphia for consultation. An attack of nausea Friday night distressed the patient considerably because of his weakened condition, and his condition grew rapidly worse until the end.

The remains left here for Portland, Me., his former home, where the interment will take place on Tuesday afternoon. They were placed aboard a special train, leaving Washington at 4:50 o'clock, and scheduled to arrive at Portland today. Accompanying the body were Mrs. Reed, the widow; Miss Catherine Reed, the former speaker's daughter; Hon. Amos L. Allen, Mr. Reed's successor in the house of representatives; Asher C. Hinds, Mr. Reed's parliamentary clerk while speaker, and Augustus G. Payne of New York, a lifelong friend. At Mrs. Reed's request there were no coronies of any kind here, and at Portland they will be of a simple character.

There was a stream of sympathetic callers at the Arlington hotel, where the body of Mr. Reed lay awaiting removal to the railroad station. They included President and Mrs. Roosevelt, members of the cabinet and of the senate and house of representatives and of the diplomatic corps. The body was inclosed in a casket with heavy, oxidized extension handles, and on the top was a solid silver plate on which had been engraved the following simple inscription: "Thomas Brackett Reed. Oct. 18, 1839—Dec. 7, 1902." On the casket rested two floral offerings, one of them from the widow and the other inclosed in a long pasteboard box from Mrs. Roosevelt.

The arrangements for the obsequies at Portland have been left in the hands of Hon. Joseph W. Symonds and John C. Small, an old neighbor of Mr. Reed. As far as tentatively arranged here the funeral will take place some time Tuesday afternoon from the First Presbyterian church, of which the Rev. John Carroll Perkins is pastor. Interment will be at Evergreen cemetery.

Campaign Against Ladrone. Manila, Dec. 8.—Propagatory to an

aggressive campaign against the ladrone in the Rizal province of Luzon Governor Taft has established zones of concentration. The land will be tilled during the daytime and the people will retire within the zones at night. A strong force of constabulary will be used against the handits.

STRIKE COMMISSION.

Miners May Consume Two Weeks More In Presenting Their Case.

Seranton, Pa., Dec. 8.—It is expected that the mine workers will consume all of the present week in presenting to the anthracite coal strike commission their side of the controversy with the coal operators. The miners have consumed 12 days thus far in presenting their testimony, and expect to take fully as much more time. While no one positively knows, it is estimated the employers will take about 10 days to submit the information they desire the commission to have. It is probable the commission will adjourn for Christmas about Dec. 23.

The commission will ask the attorneys for both sides to present what figures they already have prepared so that the arbitrators can study them. If they are not exactly the kind they want the commission will ask for additional figures, and will again request those who are not yet ready to present their figures to make an extra effort to expedite the work of computation. The commission has no desire to unnecessarily hurry any one, but feels that all interested should work as rapidly as possible.

The arbitrators are daily receiving letters from persons residing in all parts of the country in which the commissioners are advised how to act in the present investigation. No attention is paid to any of the letters. A great number of the communications, nearly a majority of them, make pleas for the protection of the nonunion men.

Leased For Gas and Oil.

Guthrie, O. T., Dec. 8. — The announcement has been received at Bartlettville, I. T., from Acting Indian Agent Sevely at Washington, that an extensive portion of that city was leased prior to the ratification of the Cherokee Indian agreement last August to the Cudaby Packing company for a period of 15 years for oil and gas purposes, and hence can not be entered by other persons. The lease was made under the provisions of the Curtis act and gives to the Cudaby Packing company a great advantage in the extensive oil and gas field now being opened in the territory.

Hurricane Weather.

St. Johns, Dec. 8.—The German steamer Albano, 17 days out from Hamburg for New York, with a general cargo and 260 passengers, arrived here short of coal. The steamer met with hurricane weather in the Atlantic and the passengers suffered greatly. A furious gale swept the Newfoundland coast and a number of vessels were driven ashore. Full reports regarding the extent of the disasters have not yet arrived. The gale is still raging, accompanied by blinding snow.

Death of Thomas Nast.

Guayaquil, Ecuador, Dec. 8.—Consul General Thomas Nast died at noon, after three days' illness from yellow fever. He was interred at 5 o'clock p. m. The funeral was attended by the governor, consular corps, the American colony and by many friends. The coffin was wrapped in the stars and stripes. The British consul recited a prayer in the cemetery. The death of Mr. Nast is deeply lamented by the natives, who held him in high esteem.

Cold Weather in Europe.

Vienna, Dec. 8.—The weather is increasing in severity throughout Austria-Hungary. The supply of milk and vegetables to Vienna is curtailed owing to the roads being impassable from snow. Many accidents have occurred. It is reported from Bucharest that the Danube is frozen over for a considerable distance. At Ibralla and Galatz, on the Danube, about 80 grain-laden vessels are icebound. The intense cold is causing much suffering among the poor.

Destructive Blaze.

Ridgeway, Pa., Dec. 8.—The Eagle Valley tannery at this place was destroyed by fire, caused by an explosion of natural gas in the engine room. The loss on buildings is estimated at \$75,000 and that on the stock of leather and hides \$250,000 to \$300,000. The loss is said to be well covered by insurance. This tannery is in the Elk Tanning company's district, which is identified with the United States Leather company.

Washington, Dec. 8. — The house committee on insular affairs reported the Philippine constabulary bill, providing that army officers shall be detailed as chief and assistant chief.

FAVORS VIVISECTION.

Eminent Surgeon Writes a Letter Sustaining His Position

CLAIMS IT A BOON TO HUMANITY.

Cites the Case of Midshipman Alken of the United States Naval Academy, Recently Injured in a Football Game.

Philadelphia, Dec. 8.—Dr. William W. Keen, the eminent surgeon of this city who was recently summoned to Annapolis to perform an operation on Midshipman Alken to relieve him of the effects of injuries sustained in a football game, attributes the success of his operation to knowledge gained through experiments in vivisection. Dr. Keen has addressed a letter setting forth the facts in the case to Senator Gallinger, whom he regards as one of the leaders of the anti-vivisectionists in this country. Dr. Keen in his letter says:

"I deem it my duty to call your attention to the case of midshipman Alken of the United States naval academy, who was recently injured in a football game. My reason for doing so is to show you by a single concrete example that knowledge gained by animal experimentation is an immense boon to humanity, and that, therefore, such experiments should be heartily encouraged. The facts of Mr. Alken's case are as follows: When I first saw him, three days after the accident, I found that he had been unconscious for a half-hour after the accident and ever since then had complained bitterly of headache, which he located always in the forehead. Soon after the accident he began to develop convulsions. In six hours and a half after I saw him he had 24 of these attacks, all limited to the right arm. There was no fracture of the skull. The only physical evidence of any injury was a very slight bruise at the outer end of the left eyebrow.

"Had I seen this case before 1885, I would have been unable to explain why the spasms were chiefly manifested in the right arm. I would have been justified in inferring that probably the front part of his brain was injured at the site of the bruise. Had I opened his skull at that point I would have found a perfectly normal brain and have missed the clot. The young man therefore would have died whether his skull had been opened or not.

"In 1902, observe the difference. As a result of knowledge derived from experiments upon animals which have located precisely the center for motion of the right arm, I reached the conclusion that there had been a rupture of a blood vessel within the head and that the situation of the clot should correspond to the 'arm center.' Its position was fixed absolutely as a result of experiments upon animals. As soon as the skull was opened at this point the clot was found, its thickest point being exactly over the arm center, and the blood was removed, with the result that the patient's life was saved. This is only one of hundreds of cases in which similar exact localization has been made by many surgeons, both in Europe and America.

"The anti-vivisectionists have frequently denied that surgeons have learned anything from such experiments. I state with the greatest positiveness that without the knowledge derived from experiments upon animals which have demonstrated the facts of cerebral localization I should never have been able to locate the clot in Mr. Alken's head and remove it. In view, therefore, of the evident and positive benefit of such experiments, I trust that you will be willing to desist from further efforts at such repressive and, as I regard it, most inhumane and cruel legislation."

Barry Johnstone Dead.

Philadelphia, Dec. 8.—After lingering for nearly a week Barry Johnstone, the actor, who last Monday night shot himself after killing Kate Hassett, a member of Kelt's Bijou Theater Stock company, died at the Habnemann hospital. Death resulted from peritonitis. At Johnstone's bedside when he died were his two sisters and two brothers, his mother having returned to her home in Syracuse, N. Y. The actor's body was sent to Syracuse for burial.

To Define Position of Church.

Manila, Dec. 8. — Mgr. Guidi, the apostolic delegate, is preparing to publish a papal bull to the Filipino people. It is thought that the bull will clearly define the position of the church towards the Philippine islands, and possibly outline the plans for the reorganization of the church here.

Sherman Lee Pressley of this city and Miss Mary Cooper, of Adams Co., O., were married Saturday night by Squire Grant.

Adams County, Ohio, has twenty-six inmates more in the Athens Asylum than she is entitled to. The county has sixty-five insane citizens in the institution.

Baltimore, Dec. 8. — The German steamer Kohn has arrived at this port, having on board the shipwrecked crew of the British bark Margaret Mitchell from Cardiff, Wales, for Maranhamb, Brazil.

George Anderson died at Manchester last week in the sixty-first year of his age. He was a native of Manchester, and was a soldier of the Ninety-first Ohio Infantry. Of late years he had been totally blind and drew a pension of \$72 per month.

Mr. S. A. Smith was found dead this morning at 11 o'clock at his room in building just west of the M. E. Church, South. The last seen of him was on Friday evening. He had taken his life by shooting himself.

Mr. C. R. Nower, night clerk at the Central Hotel, left Saturday evening for Columbus, O., to attend the funeral of his uncle, Mr. W. H. Judd, that took place in that city this morning. Mr. W. H. Daugherty is filling the position during his absence.

J. W. Redford and Jacob Hugueley, two of the wealthiest and most prominent farmers in Mercer County, sold to Simon Weil, of Chicago, more than 200 fine export cattle averaging 1,800 pounds each, at \$5.60 per hundred. The deal represented about \$30,000.

Taylorville Courier: "Farmers should be careful about turning their stock in on their new stalk fields. Reports come in that in several instances stock have died on being turned in to the new fields. Dr. Tichenor, of Waterford, lost three. Mrs. Nannie Tichenor, of Waterford, lost three. Be careful."

Manicure sets, toilet sets, umbrellas, cuff buttons, scarf pins, belt pins, new cigar cases, card cases, hand-bags, side-bags, collar and cuff cases, new military brushes. We are open every night. MURPHY, the jeweler.

If you want to purchase the purest and best goods on earth go to G. W. Rogers & Co., 127 Market street, where you will find old Bourbon and rye whisky, apple and peach brandy, California brandy, malt gin, California port, sherry and Maderia, K. I. sweet Catawba and dry Catawba wines &c. We guarantee all of our goods to be strictly pure.

The increase in net earnings of the Louisville and Nashville for the first four months of the year is equivalent to something over 1 per cent. on the stock, and indicates a trifling over 9 per cent. now being earned. On this basis the results for the entire year would show over 11 1/2 per cent. earned. This showing has led to expectations in a good many quarters of an early increase in Louisville and Nashville's dividend.

The Committee on War Claims has favorably reported an Omnibus Claims Bill, referring to the Court of Claims for findings of fact under the terms of the Tucker act, the following among other claims: Saint Andrews Lodge No. 18 Free and Accepted Masons, of Cynthiana, and the Baptist Church of Flemingsburg. The claims are for stores and supplies alleged to have been taken by the military forces of the United States during the Civil war.

The Secret Service is engaged just now in an attempt to break up a gang of amateur counterfeiters who have been operating along the Kentucky side of the Ohio river. The coins turned out are nickels and dimes, for the most part, and a curious feature of the illicit business is that it is being conducted principally for the purpose of "working" the slot machines in that region. Most of the counterfeiters are supposed to be farmer boys and negro roustabouts along the river.

Mr. W. H. Judd died at his country home at Bradford Junction, Ohio, Saturday morning. Mr. Judd's early life was spent in and near Maysville. When quite a young man he started to travel for Sayers & Scovill, of Cincinnati, and represented them in the State of Ohio for over twenty years. His sterling worth, integrity and conscientiousness made him one of the best known and most popular of travelers in the vehicle trade, and he accumulated quite a competence. A few years ago he married and retired to his farm at Bradford Junction. He leaves a number of relatives in this city and county.

WEEK IN THE SENATE

Statehood Bill Will Probably Provoke Considerable Discussion.

DEBATE MAY RUN TILL CHRISTMAS

Immigration Measure Will Also Receive Attention, and Executive Sessions Will Serve to Fill In the Time.

Washington, Dec. 8.—In accordance with the unanimous agreement of last session the senate will take up the statehood bill next Wednesday, and it is expected to remain the unfinished business for sometime thereafter. The bill undoubtedly will provoke considerable debate, and it is generally believed that it will continue to receive attention until the adjournment for the Christmas holidays at least. Senator Beveridge as chairman committee on territories, will call the bill up Wednesday, and probably will make a speech in support of the report in favor of the substitute bill presented by him. Some members of the committee who agree with him will follow. All of them will give careful attention to the testimony taken by the subcommittee which recently visited the territories. It is expected that the immigration bill will continue to receive desultory attention on Monday or Tuesday, but the proceeding with reference to this bill will consist largely in the reading of the bill and the consideration of amendments.

There will be more or less executive business during the week and in all probability another adjournment from Thursday until the following Monday.

House Forecast.

Washington, Dec. 8.—The house this week has no mapped out program beyond the disposition of the London dock charge bill and the report of the elections committee on contested election case of Wagner vs. Butler from the Twelfth Missouri district on Wednesday. The London dock charge bill has been pressed by exporting interests, especially the milling interests of the northwest, and is opposed by the Atlantic shipping interests. The withdrawal last week from its advocacy of the Lumbermen's association, which was supporting the measure, will weaken it, and its passage is considered doubtful. The Wagner-Butler case is somewhat of an anomaly. Mr. Butler was unseated at the last session and his seat was declared vacant. He was re-elected in November to fill the vacancy, having about 6,000 majority on the face of the returns. His opponent now contests. The committee recommends that the period for preparing the case, taking testimony, etc., be shortened to 40 days. If the legislative appropriation bill is completed in time it probably will be taken up the latter part of the week. If not, the remainder of the time may be occupied with minor bills reported by committees.

FIREMEN CAUGHT

While Fighting Flames That Devoured a Steamship.

Philadelphia, Dec. 8.—One fireman was drowned, another is missing and two others were taken to a hospital overcome by smoke, as the result of the fire which broke out on the Boston and Philadelphia Steamship company's steamer Saxon. The steamship lies in 25 feet of water at the foot of Pine street burned to the water's edge. The dead fireman is William Seville, who went into the hold of the vessel to fight the flames. Before he could reach the deck of the Saxon the vessel gave a lurch and Seville was caught in the rush of water and drowned. Another fireman, who was in the hold, is missing, and it is feared he too was drowned. All other firemen have been accounted for. It is not known how the fire originated. The loss on the Saxon is about \$50,000. She had discharged all of her cargo. The Saxon was on the regular line between Philadelphia, Providence and Fall River.

Caught in a Gale.

New York, Dec. 8.—The Ward line steamer Monterey, which arrived from Mexico and Havana, was caught in a terrific gale on Friday last when off the capes of Delaware. While laboring in the heavy seas the high-pressure cylinder head broke, disabling the starboard engine. The Monterey made port under the other engine.

Editor Stricken.

Atlanta, Dec. 8.—F. Henry Richardson, editor of the Atlanta Journal and well known throughout the south as a journalist and lecturer, suffered a stroke of apoplexy. His condition is believed to be serious.

Edward Atkinson never lacks for interesting suggestions in regard to the possible economies of life, and he has now been heard from on the subject of fuel. Speaking before the Illinois Manufacturer's Association a day or two ago, he urged consideration of the use of cornstalks and straw as fuel, when pressed to the density of hard oak, as they might be. Such a fuel, he declares, would be cheaper than coal at 50 cents a ton.

A MINISTER'S STORY.

The Rev. James Moore, a Methodist minister of Avoca, Pa., testified before the Strike Commission that with one exception all of his congregation were miners. He declared that the character of the people of his region was excellent. He said that he had averaged up the wages of the miners in his region, and found that they made about \$487 a year. Dr. Moore said he had seen children enter the breaker so small that they could hardly carry their dinner pails. During the strike he said the people barely existed.

THE ELKS' MEMORIAL.

Services Sunday Afternoon Attracted a Large Audience to the First Presbyterian Church.

The annual memorial services held Sunday afternoon at 3 o'clock at the First Presbyterian Church by Maysville Lodge No. 704, B. P. O. E., were attended by a large audience. Mr. T. M. Russell presided.

After the formal opening services in accordance with the ritual of the order, "Nearer My God, to Thee" was rendered by Dr. Smoot, Mr. Boyd Muse, Rev. R. E. Moss and Mr. W. E. Smoot. Then followed the ceremonies of the lodge, after which Dr. Smoot sang "The New-Born King."

The address by Rev. R. E. Moss on "Life and Immortality" was more of an appeal to the living than of eulogy of the dead. It was couched in words that were forceful, eloquent and impressive. It was followed by a duet by Dr. Smoot and Mr. Muse, with chorus, that touched every heart. The services closed with the doxology, and benediction by Rev. Dr. Barbour.

BIBLE SOCIETY.

Officers Elected, at the Annual Meeting Last Evening, For Ensuing Year.

The annual meeting of the local auxiliary of the American Bible Society was held last evening at the First Presbyterian Church, the various churches uniting in the service. The sermon was by Dr. Barbour. The election of officers for ensuing year was as follows:

President—James B. Wood.
Vice President—Pastors of the Churches.
Secretary—Geo. H. Frank.
Treasurer—John C. Peor.
Executive Committee—C. T. West, W. H. Wadsworth, Hiram Chenoweth, S. A. Shaukin, T. Y. Nesbitt, J. E. Parker, Geo. N. Harding, W. L. Stikley.

A Great Production To-night.
Elmer Walters' production of Lawrence Russell's great play is said to be one of the most elaborate ever given to a play of its class. The first act shows a typical village depot with its trucks, moving trains, loafers and other characteristic equipment; the second is the Church of the Holy Cross, one of the handsomest church settings ever made; the third act shows the exterior and also the interior of an opera house with the curtain up and the performance in progress; the last act is the interior of a country tavern with its grandfather's clock, old-fashioned fireplace and quaint trappings. A strong story with an abundance of comedy and the most beautiful finale ever given to a play.

At the opera house to-night.

A ROUND MILLION

Was Price Guffey & Galey Got For Their Oil Leases and Other Property in Bath County.

OWINGSVILLE, Ky., Dec. 5.—Reliable information received today states that Guffey & Galey, of Pittsburgh, received one million dollars from the Standard Oil Company for their lease, tanks, etc., in the Ragland oil fields of this county. Instead of \$850,000 as originally reported. They have in tanks at Ragland nearly 150,000 barrels of oil.

HOLIDAY HINTS

Hardly worth while to preach you a sermon on sensible Christmas presents. Daily we realize the acceptable gift is the practical gift.

A Pretty Waist Pattern

Will never come amiss. Dozens of different sorts. Stylish Persian striped crepes for \$1.88—full waist pattern. Other Persian effects, corded, full waist pattern, \$2.50. White Mohair, unusually good value for 50c. yard. Exquisite white dotted Mohair, extra wide, only takes 1 1/2 yards for a waist, \$1.50 a yard. Sublime as lustrous as silk, white, cream, black, blue, \$1 yard.

White Bedspreads

An always suitable gift. A handsome showing is ready in hemmed and fringed counterpane. We claim to sell the best white honey-comb spread ever offered here or elsewhere for a dollar. We have proved our conservatism in fifty years business in this store, so you can count upon it when we make a claim we are prepared to prove it. We have THE BEST Dollar Spread and we're not the only ones who know it judging by the number sold daily. Handsome honey-comb spreads \$1.25, \$1.50. Beautiful Marcellis spreads \$1.75 to \$5.

Comfortables.

Dozens of fine silkolene covered Comforts, one side plain, the other prettily figured. Filled with fluffy white swan's down cotton. Warm, but not heavy. \$1.25, \$1.95.

Blankets.

Who cares by what lane Fortune comes? In the whole store's history we have never given such blanket values as these. It was masterful buying that brought such splendid blankets here to sell at these prices. And the price is the smallest part, the finish is perfect and all the more admirable because of the scentless purity of the well-scoured wools used in the making. Prices range from 50c. to \$10 and we'll tell you exactly what you are buying, wool, cotton, or admixture. Our hanner blanket is the California Mission Mill \$7 Blanket we sell for \$5. There is wear and warmth in every thread. Delight some housewife with a pair of these beautiful blankets and she'll arise to call you blessed.

D. HUNT & SON

Every Day

My immense purchases for the winter trade are coming in. Having bought early and in large quantities for cash, I am in a position to successfully meet any and all competition. I carry in stock only the very best goods, and I can always guarantee satisfaction. I want to call special attention to my very large purchase

Fancy New Crop Open Kettle MOLASSES

These goods I bought direct from the plantation in Louisiana and have no middleman's profit to pay; therefore I am in a position to make specially low prices and at the same time furnish my trade with the purest and finest goods made. My stock of CANNED GOODS is also enormous, bought direct from the packers in carload lots. In these goods there have been large advances since I bought, therefore I can make prices to my trade very much below the prices now asked by many of the largest jobbers. In all other goods in my line I have the largest stock and greatest variety. I handle no "cheap-john," unwholesome or poisonous goods.

NOTHING BUT THE VERY BEST!

This I claim is the secret of my success in Maysville in building up a trade of which I feel I am justly proud and which I am determined to hold by at all times furnishing the very best goods at reasonable prices. My house will continue to be the headquarters for Poultry, Game, Oysters, Cranberries, Celery, Oranges and Fruits of all kinds. Try my Plymouth Rock Oysters in bulk and can—fresh from Baltimore every day—none better. My fine Blended Coffee and Perfection Flour are continually growing in favor. When you want the best try them. My purchases of specialties for the Holiday trade are unusually large. I extend a special invitation to people from the county to make my house their headquarters when in our city. Special prices on all goods to dealers who buy in quantities.

RIVER NEWS.

Progress of the Movement to Insure a Nine-Foot Stage the Year Round.

Representative Bromwell, of Cincinnati, introduced his bill Friday for a survey of the Ohio river from the mouth of the Big Miami to the Mississippi with a view to obtaining a minimum depth of nine feet of water through all the seasons of the year. The measure provides for an appropriation of \$200,000, and was referred to the Committee on Rivers and Harbors, of which Representative Burton, of Ohio, is Chairman.

During the afternoon representatives of the Ohio Valley Improvement Association, including Congressman Kehoe, who had an audience with President Roosevelt Thursday, called on Mr. Burton to enlist his interest in the project. He gave the delegation an informal hearing and then said he believed the committee would show proper consideration for the commercial needs of the business men along the Ohio river. He did not, however, give full indorsement to the nine-foot depth project, although he did not say it met with his disapproval. He observed that in order to make the improvement desired it would be necessary for Congress to appropriate about \$6,000,000 a year, which might be too large a proportion of the total appropriations carried in the average river and harbor bill.

Mr. Bromwell's bill directs that the survey of the river be made before next fall, so as to enable the President, if he so desire, to make reference to the project in his next annual message. The Cincinnati Congressman expects his bill to receive favorable consideration by the Rivers and Harbors Committee as well as by the House.

We spend hundreds of dollars in the newspapers and hundreds of dollars in many other ways of advertising. The new way—read while we unfold our new plan to you. We have arranged a table in the front of the store where we will place on sale thousands of articles from now until Christmas.

All Go at 25c. Each!

Seventy-five per cent. of these articles are worth from 40c. to \$1. Fifty per cent. of these articles cost us more than 25c. Our loss in this department will be our new way of advertising, our new way of giving to our customers the money we would spend in other ways.

You will be surprised to see the beautiful wares on this table. Ask to see the 25c. table.

MERZ BROS

INTRODUCTORY

The Smith & Nixon Piano Co., Cincinnati and Chicago, have always been identified with the manufacture of the highest grade of pianos.

Several weeks ago an arrangement was made with the John L. Winter & Co., to handle this line of pianos in Maysville—The Smith & Nixon Piano Company—and John L. Winter & Co., with their up-to-date methods, concluded to make these beautiful pianos well known to the Maysville people in a short time and to introduce the pianos and their agency at one and the same time, decided to sell this sample lot of high and medium grade pianos at positively a wholesale price and gain the object in view of getting a number of our pianos in the homes of Maysville people in a short time. As this special sale is for a short time only, you will do well to call at once while selection is good.

CASH OR PAYMENTS.

PERSONAL.

—Mr. Buckner Wallingford and wife and Mrs. Davis Anderson, of Cincinnati, spent Sunday here with their father, Mr. B. A. Wallingford.

—Mr. Buckner Wall, of Richmond, Va., after spending a few days here with his father, Judge Wall, left for Cincinnati Sunday evening.

—Mr. T. O. Albritton, State Revenue Agent, was in Maysville Saturday on official business and was the guest of Auditor's Agent Watson.

Landlord H. B. Daugherty, of the Central Hotel, who has been very ill the past few days, rested fairly well last night.

Ray's stock of toilet sets is complete.

New currants, citron, raisins—Calhoun's.

The case of Board against the C. and O. taken up from this county has been reversed by the Court of Appeals.

Books are now open for stock in the seventeenth series of People's Building Association. Call on J. E. Threlkeld, Secretary, Jno. Duley, Treasurer, or any of the directors.

A dispatch from Rome says the name of Bishop Maes, of Covington, will probably be presented to the Propaganda for appointment as Coadjutor Bishop of Cincinnati, with right of succession.

Mr. Joe Owens, of Fern Leaf, sent to the BULLETIN Saturday a beet that beats any beet the editor has ever seen. It weighs thirteen pounds and was grown from seed sent to Mr. Owens by Congressman Kehoe.

Prof. L. O. Grimes, principal of the Fifth ward school, was taken seriously ill Friday night, and his condition was alarming Saturday and Sunday. His many friends will be glad to learn he was much better this morning.

Carlisle Mercury: "The Maysville EVENING BULLETIN has recently entered upon its twenty-second year, and it gives us great pleasure to say it has deserved to live to be a hundred. Messrs. Rosser & McCarthy, publishers, and Mr. Marsh, editor, have served their patrons well."

Most every one has troubles to contend with at times, and Mr. R. B. Lovel, the leading grocer, has his to-day. Mr. John Bertram and Mr. Jack Feltus, drivers of his delivery wagons, are both confined to their homes by sickness. Orders will be filled promptly as possible.

MRS. LAURA SHACKLEFORD.

Wife of Dr. Shackelford Succumbs to Stroke of Paralysis—Passed Away Sunday Morning.

Mrs. Laura Shackelford, wife of Dr. James Shackelford, died Sunday morning at 3 o'clock at the family residence on Limestone street, of paralysis. She was stricken two weeks ago, and had steadily declined.

Mrs. Shackelford belonged to two of the county's large and influential families. She was a daughter of Thomas and Eliza (Hord) Calvert of Lewisburg precinct and was fifty-nine years of age. She was married twice, her last husband, Dr. Shackelford, surviving her. Her first husband was Wm. E. Moss, and she leaves three children by that marriage—Mrs. Ernest J. March and Mr. Dulin Moss, of Lexington, and Miss Eva B. Moss, of this city. She leaves no children by her last marriage. Three sisters, Mrs. Wm. McIlvain, of Texas, Mrs. Orville Mitchell, of Mayslick, and Mrs. Thos. Kelly, of Lexington, and one brother, Mr. Jesse Calvert, of this city, survive her.

Mrs. Shackelford was a devoted member of the Baptist Church and was a woman whose every influence was for good. Her Christian character won her a wide circle of friends who sincerely sympathize with the family in their loss.

The funeral will take place Tuesday at 2 p. m. at the First Baptist Church. Rev. Dr. J. W. Porter, of Newport News, Va., is expected to officiate at the service. Interment in the Maysville Cemetery.

MRS. JOHN CLIFT.

Sudden Death of This Estimable Woman Sunday After a Brief Illness of Heart Disease.

Mrs. Zubie Clift, wife of Mr. John Clift, died Sunday at 1 p. m. at the family residence near Mayslick, of heart disease. The sad news, coming so suddenly, was a shock to her relatives and many friends. She was stricken Sunday morning while preparing to go to church, passing into an unconscious condition from which she never rallied.

Mrs. Clift was a daughter of Anthony and Martha (Allen) Laytham, and was thirty-seven years of age. Her husband survives with three young children—one son and two daughters—and she leaves two sisters and one brother—Mrs. R. L. Fox, Mrs. Eli Pogue and Thos. Laytham. Her father also survives.

The funeral will take place Tuesday at 10 a. m. at the home, Rev. Joseph Severance officiating. Interment in Mayslick Cemetery.

NINE YEARS.

That's the Verdict of the Jury in the Case of George Benz for Killing Robert Owsley.

The jury in the case of George Benz, charged with killing Robert Owsley, reached a verdict about 11 o'clock Saturday morning. They found the accused guilty and fixed his punishment at nine years in the penitentiary.

The trial took up the greater part of the week in the Circuit Court, the arguments closing Friday evening at 4 o'clock. Benz shot and killed Owsley at the latter's place of business in Mayslick a month or so ago. He had been drinking heavily, and when Owsley refused him more liquor a quarrel arose terminating in the tragic death of Owsley.

N. S. Devore, of Ripley, has a \$17,000 policy in the New York Life Insurance Co. that will mature in January.

CINCINNATI TOBACCO MARKET.

Decided Improvement the Past Week in the Burley Trade—Increased Offerings of the New Crop.

	Week.	Year.	Week.	Year.
Offerings of new hhd's...	175	4	227	4
Offerings of old, hhd's...	790	1,597	60,270	65,189
Total hhd's.....	965	1,601	60,497	65,193
Rejections.....	142	389	12,030	11,845
Actual sales.....	823	1,212	48,467	53,348
Receipts.....	505	515	48,439	59,187

The 175 hhd's tobacco offered averaged \$6.89 per 100 lbs., against \$6.91 for the 34 hhd's. last week.

Despite unfavorable conditions and poor light throughout the week the burley leaf market showed a decided improvement on all grades in the offerings except the better types of old tobacco, which were dull and irregular, although not appreciably lower.

The feature of the week was the increased offerings of new tobacco and the exceptionally good prices obtained for the choice lots of the new crop, a very nice proportion of which sold at prices ranging from \$10 to \$17.25 per 100 lbs.

The greater portion of the new tobacco offered during the week, however, was trash and common lugs, resulting as shown below in a rather low average, but, notwithstanding this fact, prices realized were slightly in excess of the figures obtained for the old.

Some very good medium leaf was in the offerings of new tobacco, selling at \$8 to \$9, while a few packings showing a fair proportion of good wrapper stock brought \$12 to \$15.25.

Little perceptible change was noticeable throughout the week in old tobacco, the common and colony sorts under 6¢, being possibly the best features.

High grade red fillers and choice medium leaf in the old crop were easier and almost neglected so far as active competition for these sorts was concerned, although they cannot be said to have been quotably lower. A few hogheads of cigarette cutters and wrappers were in the breaks and sold at \$14 to \$16.75.

The new system of inspection went into effect on Tuesday, and the sales so far under the new arrangements seem to give satisfaction to both buyers and shippers. Col. Mann and Dr. Bradford, the old inspectors, have been retained by the warehouse interests, the latter hereafter assuming all responsibility in the adjustment of differences between shippers and buyers.

Alex H. Taylor and Miss Lizzie H. Rigdon, of this county, will be married Dec. 10th. Miss Rigdon is only sixteen.

LIVE STOCK MARKET.

Leading Journal on the Trade the Past Week—Hogs Firm and Higher.

[Cincinnati Live Stock Review.]
The receipts of cattle the past week show a total of 7,191 head, against 4,866 head the previous week and 6,171 head two weeks ago.
The market was fairly active and steady. Prices made but little change, although a few quotations are higher. Good stockers and feeders continue in demand, but common and ordinary are dull. Good milch cows were steady; others dull and easy. Bulls quiet and steady, with receipts light. Veal calves steady, but receipts were more liberal.

The receipts of hogs during the week were 23,090 head, which is 3,718 head more than a week ago and 6,711 head less than for corresponding week last year. From November 1 to December 4 the receipts reach a total of 97,926 head and shipments 40,631 head, leaving a net supply of 57,295 head, against 63,142 head for the corresponding period a year ago.

Receipts were smaller and the market was firm and higher. Each day's offerings sold quickly at advancing prices. To-day a strong tone prevailed at the closing quotations.

Receipts of sheep and lambs were 250 head more than last week, amounting to 3,312 head.

There was but little change in prices and the market ruled steady. The demand was fairly good.

A Helpless Child.

A week and a half child is badly handicapped in the battle of life. It is isolated from the healthy enjoyments of its little fellow-beings. It cannot partake either of their play or their sturdy work and progress in the world; its whole life is embittered by incapacity and weakness.

Any woman who expects to become a mother ought to know that Dr. Pierce's Favorite Prescription will do both for her own health and safety during her time of trial and also to insure her in bequeathing a fair measure of health and strength to the prospective little one.

Republicans are awaiting a confession from Outney with great uneasiness, albeit they would have us believe they are wanting him to out with it.

Poyntz Bros. are the only Maysville distillers selling pure liquors by the quart, gallon or barrel, direct from distillery to consumer. Seven-year-old whiskey \$2 per gallon. Age and quality guaranteed. Get the best. Office 126 Market street—Watson's old stand.

GERMANTOWN, Dec. 8th.—There is a great amount of tobacco stripped in the county, and buyers are busy.

The Japanese entertainment given by the Juvenile Missionary Society, under the management of Mrs. Doug. Rigdon, was very enjoyable. The girls in Japanese costumes served tea in true Japanese style. Offerings were given and refreshments served, from which a nice little sum was realized.

The James Lane Allen Society is launched again for the enjoyment of all during the winter nights, and the members are much pleased to have Miss Alice Lloyd for teacher. They will study Shakespeare.

Several changes have taken place in the homes in Germantown. Mr. and Mrs. Will Dimmitt have moved into their old home and Mr. and Mrs. John Tyler Styles have taken up their residence here in the house purchased from Mr. George Erlon.

Mr. Henry Lloyd spent Thanksgiving at the home of his father and mother, Mr. and Mrs. Evan Lloyd. He is now teacher of mathematics in Kentucky University.

Miss Tillie Criehefield will shortly visit her father in Kansas. All are hoping for her speedy return.

FARMS FOR SALE.

I offer at private sale choice of several fine tracts of land, situated on Maysville and Lexington turnpike, two miles South of Maysville. The lands are strictly first-class—no better in Kentucky. The improvements are good and in fine repair. On one tract of 195 acres is a nice frame house of eleven rooms and two halls, a beautiful yard shaded by forest trees—in fact a lovely home such as is seldom found on the market. Has a large Tobacco Barn 84 by 48 feet, eight tiers high in center, good Stables, Ice House, Poultry House, two-story Cabin for cook, and all other necessary outbuildings. It is well watered and has fifty acres in wheat, the balance in grass. Also one tract of 100 acres, all in grass, or one of 244 acres, with fifty acres in wheat, the balance in grass—all adjoining, and of the same high grade lands—well improved and under a high state of cultivation. Terms to suit purchasers. Call and see what I have if you desire to purchase a nice home and a first-class farm.
